FOR EMERGENCY ASSISTANCE, CALL 911

HIDDEN HILLS GATES

The rules for entry to Hidden Hills are outlined in the Gate and Patrol Services Operations Manual. This manual is periodically revised by the Committee and approved by the Board of Directors. The Hidden Hills Community Association has the responsibility for overseeing that entry by both residents and visitors are consistent with the rules and regulations outlined in the Manual.

Copies of the Gate and Patrol Services Operations Manual are received at the time of purchase of your home or additional copies can be obtained at the Association office. It is important that you review these rules as they pertain to entry of your guests and workers to your home. Additionally, specific procedures have been established to deal with large parties and the Association should be notified when you are planning an event of this size.

Transponders are the primary means by which residents are identified and quickly admitted to the City. The right lane is for residents or other authorized guests who have approved transponders attached to their vehicles.

Transponders can be obtained Monday through Friday at the Association office. A current automobile registration, a current driver's license with the resident's Hidden Hills address and the name of the resident are required to obtain transponders.

Gate and Patrol Services Committee meetings are held on the 1st Monday of each month at 6:30 p.m.

For emergency's call 9-1-1 and for non-emergency please call the Sherriff's Department at 818-878-1808.

ALWAYS CONSULT YOUR ARCHITECTURAL COMMITTEE

Perhaps the single most important thing you need to know about living in Hidden Hills is that virtually any alteration made to the exterior of your house or your property requires Architectural Committee approval. That includes changing the color of your house, adding shutters, building a barbecue, tearing down your barn, removing your pool, basically everything. Even if it's an improvement over what existed before. Even if the City Building Inspector says you don't need a permit. Even if your neighbors think it looks great. We realize that this might seem petty or trivial to some, but the founders of Hidden Hills designed it this way more than 50 years ago, and we think their vision has proven to be more than insightful; it has withstood the test of time.

We believe Hidden Hills has maintained its unique, country feeling and it's ever-increasing property values, even in times of national recession, largely because of the strict Architectural Standards that prevent it from becoming just another gated community, just another Beverly Hills or Calabasas Park. People buy in Hidden Hills because of the feeling they get when they first drive through the gates; the white 3-rail fences, the deep setbacks, the rural ambiance, and the occasional horseback rider moseying down the parkway. The Board of Directors is committed to preserving that feeling by making sure that any and all improvements are approved by the Architectural Committee.

The powers and authority of the Architectural Committee are firmly established in the CC&R's, one of the documents we all agreed to abide by when we bought here. Decisions by the Architectural Committee are aesthetic in nature and are based upon many factors, including but not limited to the project's conformance to the vision of the original developers, its compatibility with the surrounding properties, its impact on the view sheds of surrounding properties, and its future or potential uses. The Committee's decisions are inherently subjective and therefore, what is approved for one property may not, for various aesthetic reasons, be approved for another property.

We all want that feeling we first had when we fell in love with Hidden Hills to be preserved for our children and for our children's children. Obtaining Architectural Committee approval of your project before you start it helps preserve our way of life for future generations by ensuring that your project conforms to the vision of the original developers and the overall "Hidden Hills" feeling. Perhaps more importantly, it will prevent you from being subjected to the fines and penalties imposed on those who disregard the rules.

THE PARKS AND RECREATION COMMITTEE

The Parks and Recreation Committee is a group of volunteer residents who get together to organize and implement the social events in Hidden Hills. These events are what make Hidden Hills a special and unique place to live. You won't find anything like this in any other community. The activities that we sponsor include:

Winter Social

New Resident Welcome Party

Summer Camp Kick-Off Party

Thursday Summer BBQs

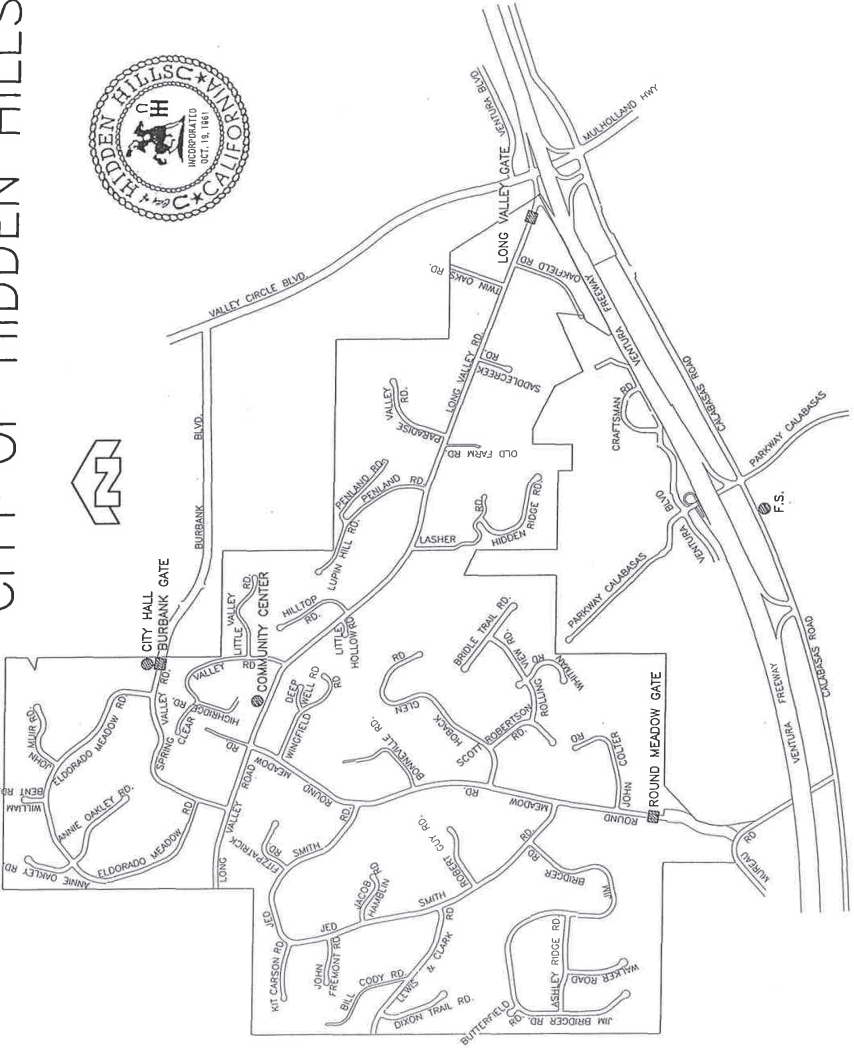

Kid's Summer Camp Program

Halloween Party

These events are great fun for the entire community but, it takes hard work to put them together and we are always happy to have assistance. If you would like to help keep these activities going or have ideas for new activities, please call the Association office to see how you can get involved.

Parks & Recreation Committee

CITY OF HIDDEN HILLS

Please contact the Association for a complimentary Trails Map.

TRAIL GUIDELINES

The Hidden Hills trails system consists of approximately 25 miles of primarily off-road dirt trails. A trail map is available from the office. Please review the guidelines below for optimal enjoyment of the rural surroundings of the city in a safe and pleasant manner.

GENERAL TRAIL RULES:

- Trails are open to equestrians and pedestrians only. All types of vehicles (bicycles, cars, trucks, motorcycles, scooters, golf carts) are strictly prohibited. If you see a vehicle on the trails, please take a picture of it and notify the office.
- Use common courtesy and sense. Stay on the trails and do not take short-cuts across private property. Stay aware of your surroundings. Glance over your shoulders and look around frequently.
- Pass other riders and pedestrians with caution, using a single-file line if riding with other equestrians.
- Maintain control of your horse at all times. Walking, trotting and slow cantering are proper etiquette on trails. Helmets are advised.
- Dogs and other animals must be on leashes at all times.

HORSES ON THE STREETS AND PARKWAYS:

- Riding in or alongside the streets can be challenging and requires extreme care. Trash and construction trucks, speeding vehicles and other hazards can spook horses. Signal to motorists if your horse is nervous, and move it to the parkway to gain control, dismounting if necessary.
- Motorists encountering riders must stop or slow to 10 mph and give the horse plenty of room. Pursuant to the California Vehicle Code, **horses and other livestock have the right-of-way!**
- Always walk horses on paved surfaces. Pay attention to driveways crossing parkways and watch for tree roots.

LOOSE HORSES:

- If you spot a loose horse on the streets, parkways or trails, contact one of the gates. They will alert the community's "Loose Horse Patrol."
- If you see a riderless horse with a saddle on, this is a sign a missing rider may be in danger. Both 911 and the gates should be contacted immediately.

With its miles of trails and open spaces, our community provides the romance of a forgotten California. Once you pass through the gates, remember:

SLOW DOWN, RELAX! CHILDREN AND HORSES AT PLAY!
