### Summer Camp

Jackie is working on setting up meetings with Summer Time Camp and the Amazing Kid Company for the committee to interview.

### Halloween

Jennifer suggested getting 2 shuttles for Halloween night with 2 loading zones; one by the school bus stop that will run back and forth to Wingfield where the road is closed off and the other shuttle loading zone on the corner of Round Meadow and Long Valley that will run to Little Hollow and back with Pop up tents so people know where they can get on the shuttle. She suggested having the kid's party on Halloween day from 4:00 pm to 6:00 pm so they can go trick or treating after the party and another Halloween party the Saturday before for teens and adults serving appetizers and a full bar.

### Summer Movies

Committee discussed showing a family movie on available Fridays when not being used by Theatre group and requesting small separate budget from board to cover cost of running equipment.

## **Old Business**

### Winter Social

Jennifer suggested that next years should be formatted Like SNOWDAY LA being its more cost effective being they use slick snow like carpeting to form the sledding hills and use inter tubes to slide downhill. Committee also discussed using the bubble style snowflakes like the do at the SNOW DAY LA event and Disneyland. It's less expensive than the real snow. We also discussed moving the event to one of the arenas like we do with fiesta so that we have more room to have bigger hills for a better age range.

**The meeting was adjourned at 12:30 p.m.**
