APPROVAL OF MINUTES

Melissa Wallace approved the January minutes.

New Business

- Melissa Wallace proposed changing the time of the Landscape meeting from 8:45 am back to 9:00 am. Jennifer Ostrow and Lynne Burns both agree that 9:00 am is a better time to meet.
- The committee discussed the tree replacements for the parkways. In 2019 Monarch Environmental inspected the trees in Hidden Hills, and provided us with a report of specific trees that needed to be removed as they were dead and/or dying or diseased. Those trees have all been removed. There are a few residents that would like replacement trees planted in the parkways. The committee members have met at these locations and agreed that there are 7 trees that should be replaced, and possibly 5 additional trees that may be needed at a later date. Each tree is \$800 installed. Melissa Wallace asked for confirmation as to where the money for the replacement trees will come from. Shannon Moore confirmed that the money comes from Tree Removal/Replacement, and they will not be a part of the Landscape Committee's budget.
- The committee members discussed the presentation to the board. Lynne Burns with Seed Landcare presented proposals to the committee members. Melissa requested some changes to the proposals. Changes to the proposals included; using less plants, smaller size pots to keep the costs as low as possible. Proposals consisted of Adding vines to all rod iron fences, adding jasmine at the Burbank gate, adding vines to Round Meadow exposed block walls, the upgrade to the Tennis Court slope, and adding additional plants at Spring Valley. Lynne will revise the proposals and will send them via email to be added to the board packets.
